Netspeed 2012: Call for Proposals

The Alberta Library (TAL) invites proposals for conference sessions at Netspeed 2012, to be held October 17-19, 2012, in Edmonton, AB. Netspeed is one of the leading library technology conferences in Canada highlighting emerging technologies and their applications in today's libraries.

We invite session proposals on a variety of topics including, but not limited to:

- digital, mobile, and open-source solutions
- solutions for library operations and IT security
- assessment, evaluation and management of technologies
- user experience and engagement
- technology trends and competencies

We're looking for presentations for all levels of audience, from novices to the tech-savvy and everyone in between.

Proposals for 1 hour conference sessions and half or full day pre-conference sessions are welcome, as are suggestions for speakers and topics. All submissions must be received by March 12, 2012.

Speakers receive free conference registration (to a maximum of 2 speakers per session.)

Session proposals should include:

- Session title
- Brief abstract (max 250 words)
- Contact information for all speakers
- Presentation level – introductory/general audience, intermediate, or advanced

Please e-mail session proposals and ideas by March 12, 2012 to netspeed@thealbertalibrary.ab.ca.

Thank you for considering being part of Netspeed 2012!
